

Telegraphic-Foreign Affairs.

MADRID, February 13.—Marshal Serrano will pay homage to Alfonso to-day, at a special audience.

FRANKFURT, February 13.—Saugny, the famous Ultra-Montane, is dead.

BAYONNA, February 13.—Ex-Marshal Bassins arrived at Santander yesterday. The French residents of the town having asked for and obtained the permission of the authorities to serenade him, used the opportunity to hiss him and indulge in insulting cries. The crowd was dispersed by the police.

PARIS, February 13.—The Gaulois asserts that on the close of yesterday's sitting of the Assembly, the Ministers insisted upon resigning, and that President MacMahon accepted their resignations. The Gaulois also says the President has summoned the Duke D. Broglie to form a new Cabinet, in connection with M. DeFourcay.

LONDON, February 13.—A Paris special to the Echo says the utmost uneasiness prevails in consequence of the political situation. The crisis is graver than ever. The Chamber cannot make a constitution, and will not dissolve. MacMahon would have resigned had the Senate bill passed as an amendment. The Bonapartists gain greatly by the complication. The Republicans will make no further concessions.

WASHINGTON, February 12.—11 30 P. M.—The Republican caucus is still in session. By agreement, the question is confined to whether such poll taxes as exist in Georgia are not a violation of the Reconstruction Acts, and whether the habeas corpus shall be suspended, and the President have deputy marshals and supervisors at Congressional elections.

WASHINGTON, February 13.—The caucus adjourned after midnight. Only thirty-eight votes on the final question. The bill which the caucus will report is the same as telegraphed, except the clause making the exhibition of deadly weapons a felony. It gives the President the right to suspend the habeas corpus at discretion, and to have marshals and supervisors at all Congressional elections. Blaine spoke strongly against the bill. It will not pass through the joint caucus. There were no Senators present. The result of the caucus is regarded as a signal defeat of Grant.

NASHVILLE, February 13.—A letter from 146 colored people of Butherford County, represent the negroes at many points suffering from starvation. The whites are but little better off, and can give no assistance. The suffering is caused by the drought last season.

ST. PAUL, February 13.—Davis and Ramsey have withdrawn. The caucus made no nomination to-day. Every Republican member votes as he pleases.

CHICAGO, February 13.—Members of the late disunion convention published a memorial setting forth reasons why James D. McKim cannot, with their consent, be consecrated Bishop of Illinois; want of soundness of faith and irregular ballot are among them.

WASHINGTON, February 13.—In the Senate, Eaton, appointed Senator from Connecticut to fill the vacancy caused by the death of Buckingham, was sworn in.

In the House, Butler's bill to provide for the relief of certain loyal creditors, &c., was defeated by a vote of 44 to 143.

ST. PAUL, February 13.—Loehrane received 63 votes, lacking 10 of election. The second ballot is progressing. The Democrats are confident of electing Thurman, and are determined to sit it out.

CINCINNATI, February 13.—The Chamber of Commerce unanimously protest against the increase of tax on whiskey. The tax would require \$250,000 additional capital here to carry on the present business. The Chamber is persuaded the increase of tax would encourage fraud.

WASHINGTON, February 13.—Mr. Eaton was greeted with great cordiality, especially by the Democrats, and took a seat between Davis and Gordon, on the Democratic side.

In the Senate, Goldthwaite presented the petition of John A. Brown and P. Murphy, of Alabama, for removal of political disabilities; referred to the Judiciary Committee. Mr. Dorsey introduced a bill authorizing the admission, free of duty, of the diamond necklaces presented by the Khedive of Egypt to Mrs. Fitch; referred to Committee on Appropriations. Sargent presented the memorial of the Pacific Mail Steamship Company, remonstrating against the repeal of the Act granting a subsidy to that company; referred to Committee on Appropriations.

In the House, the bills for the relief of certain loyal creditors whose moneys were confiscated by the Confederate Congress, in Louisiana, and making compensation for supplies taken by the Union military forces during the Morgan raid, which bills were favorably reported yesterday from the Committee of the Whole, were both defeated in the House to-day. A bill to equalize bounties, allowing \$8.33 1/3 per month for every month's service, was then discussed, and passed.

Probabilities.—During Sunday, in the South Atlantic and Gulf States, falling barometer, stationary and higher temperature, southerly winds, cloudy and rainy weather.

CHARLESTON, February 13.—The National Grange adopted a report on the Centennial Exposition, declaring that no provision was made whereby the Patrons of Husbandry can be accommodated; no plan through which the agricultural interests can be systematized and fully represented. They recommended further consultation with the directors, for the purpose of securing such facilities. The following report of the Committee on the Texas

Pacific Railroad was adopted: "Your committee have viewed with great interest the expressions of approval and the appeals to Congress to forward this great work, emanating from State Granges and boards of trade, from the Pacific to the Atlantic, and are impressed with the great and obvious benefits which would result to this whole nation by the speedy completion of this road; and as it is an enterprise too vast to depend alone for its success upon private capital, equal justice to all sections of our common country requires the aid of the National Government to forward this work, under proper restrictions and safeguards, insuring the Government against loss and the people against unjust impositions and discrimination. Your committee, therefore, submit the following resolution:

That this National Grange earnestly invites the attention of Congress to the necessity of a speedy completion of the Texas Pacific Railroad, and asks of that body reasonable aid to the company which has inaugurated this great national enterprise, under such cautionary restrictions and safeguards as the prudence and wisdom of Congress may devise, to guarantee the Government against loss and protect the agricultural interests of every section of the country against unjust discrimination in the price of transportation."

WHITE HALL, N. Y., February 13.—Thermometer thirty-seven below zero at 6 this morning.

BOSTON, February 13.—The weather in New Hampshire and Maine is the coldest of the season. At Concord, N. H., the mercury congealed. The Boston Market fishermen are in ice off Cape Cod, and will remain there. The revenue cutter is unable to reach them.

NEW YORK, February 13.—The Directors of the Western Union Telegraph to-day resolved upon a material reduction in the rates on commercial business.

THE SPARTANBURG AND ASHEVILLE RAILROAD.—Mr. A. C. Kaufman, in conversation with us, yesterday, stated that the subscription by Union County, S. C., of \$150,000, to the Spartanburg and Asheville Railroad, was voted by a decided majority. The interest and enthusiasm manifested by the oldest, wealthiest and best citizens of the County, in the success of the measure, is an earnest of their intention to help on by every possible means within their power, this great enterprise—part of a chain in the grand highway—destined to connect the commercial metropolis of South Carolina, with the mighty West and Northwest. Old Union has, we think, acted wisely in this matter. Next comes Spartanburg. This is her opportunity, and she will seize it. Mr. Kaufman also informs us that the papers of Marion and Abbeville, S. C., off the line of this road, are advocating the measure. The Marion Star, in a strong editorial last week, takes up this road as a State enterprise, and urges upon his editorial brethren in South Carolina, from one end of the State to the other, to press its claims constantly upon their readers until they become induced to subscribe it, as a matter of self-interest. Such a spirit, thoroughly infused into the people, will carry the enterprise through.—Charlotte Observer.

A SPEECHES DENY.—The telegraphic news from New Orleans constantly refers to "lively" times in the Kellogg Legislature. The following specimen of debate in that body proves the truthfulness of the press telegrams: "You lie, you nigger, you." "Dat's not parliamentary, sah." "You'n a violatin' of the Constitution, sah." The last remark was made by a young and handsome malatto. He had no sooner uttered it than a very black man turned upon him, and exclaimed, with an air of the utmost contempt, "What you knows about the Constitution, you yellow make, you? You pesson of nussure parentage, you shut your fool mouth." This caused a loud laugh among the negro spectators, and was greeted with such exclamations as "Golly, but dat nig is some," "He's the man for talkin'," "You bet," and "To be sure, honey."

FIRE.—Some villain attempted to destroy the residence of Mr. Samuel Brown, who lives some miles East of Anderson, by fire, on Wednesday, the 3d inst.

On last Friday night, a fire broke out in the Conservator printing office, which came near causing a very disastrous conflagration. When discovered it had burned a large hole in the floor, and had ignited some cotton, papers, &c., in the store of Messrs. Lewis & Co. below. The losses of Messrs. Lewis & Co. will fall under \$100, and are covered by insurance. Those of Rev. Jacob Burress, the owner of the building, will be about \$100, and those of E. B. Murray will be from \$500 to \$600, in the way of type and material destroyed.

The New York Herald makes this rude reference to the leaders of the dominant party in Congress: "Ostensibly a Republican caucus considers plans for protecting the negro in the South; in reality it considers how it can carry the elections in the Southern States; and in these two points are all the policy of the dominant party—how to carry the elections; how to get the offices and distribute plunder, and how to make the manœuvres contrived for this end seem like movements taken to secure the rights of an oppressed people."

The following story which is going the rounds may or may not be true: "When the news of Carpenter's defeat reached the White House, the President was engaged with a Republican Senator in discussing the Louisiana question. After reading the telegram announcing the result, he handed it over to the visitor with the inquiry: 'Where is this to stop?' The Senator paused a moment, and then significantly answered: 'That depends on you, Mr. President.'"

GEORGIA'S EX-CONFEDERATE GENERALS.—Gen. J. B. Gordon, speaking brave words in the United States Senate; Gen. P. M. B. Young, always to the "fore" in the House, and now the Washington papers mention Gen. D. M. DuBose as prime favorite for the Clerkship of the next Democratic House.

The Methodist Episcopal Church in the United States now has twenty-seven colleges and universities, sixty academies and seminaries—the whole valued at \$7,000,000, exclusive of three theological seminaries.

During the Louisiana campaign, a party of soldiers, marching through a swamp, were ordered to form two deep, when a corporal exclaimed, "I'm too deep already; I'm up to my middle!" "Marry a widower, not I!" said Matilda. "Babies are like tooth brushes. Everybody wants their own."

ANTICIPATE THE ENEMY.—Rational reader, if the aspect of the weather was uncertain, you would not be foolish enough to venture out without an overcoat or an umbrella. Have the forecast, then, to protect yourself at this dangerous season with something more important than either of these articles. Strengthen your stomach and nervous system, regulate your liver and your bowels, tone all your organs and cheer your animal spirits with that agreeable cordial, tonic and alterative, Hostetter's Stomach Bitters. So shall you surely escape the diseases which fasten upon the feeble and debilitated. "Suffer and be strong," says the proverb; but "Be strong that you may not suffer," is the wiser maxim—and of all strengthening preparations this is the safest, the surest, the most genial. As a remedy, as well as an antidote, for dyspepsia, fever and ague, and liver disease, there is no combination of vegetable specifics at present known which even approaches it in efficacy. Anticipate the enemy. The elements of innumerable diseases are afloat in this raw, damp, mephitic winter air. Will you defend yourself against them or not, good reader? That is the question. A bottle or two of the great defensive medicine of the age, Hostetter's Bitters, will so strengthen and brace up your bodily powers as to enable them to "laugh a siege to scorn." The morbid matter which was exhaled in perspiration through your pores in summer finds no such free egress now. A powerful counteracting agent is, therefore, needed, and you have it in Hostetter's Bitters. They neutralize the malarious morbi, from which disease originates, and regulate all the secretive organs. Nothing can be more harmless or more healthful; nothing so potent to prevent or cure biliousness, dyspepsia, fever and ague, constipation and general debility, as this wonderful corrective.

BRECHER ON DRUGS AND MEDICINES.—Referring to the want of fidelity between man and man, which begets a spirit of fraud, he says: "Medicines are adulterated; bread is adulterated; coffee is mixed; your sugar is adulterated." This is all true; and we may add some startling revelations with regard to the adulterations and mixture of medicines, which our people, with blind credulity, swallow upon faith: Braudreth's Pills contain extract of pokeberries, saffron, cloves, aloes; Radway's Relief contains tincture of pepper, alcohol, camphor; your spermaceti, too, are mixed with saw-dust and ground-up musty ship crackers; cream of tartar is mixed with white earth and flime, and cooking soda is a mixture of powdered washing soda. Your security, then, is to buy articles prepared at home, of warranted purity and approved worth.

Heinitz's Baking Powder—cook's favorite—is the best and cheapest. Heinitz's Pure Baking Soda and Cream Tartar, for bread and biscuit. Heinitz's Pure Ground Pepper, Mustard and Cinnamon. Heinitz's Pure Flavoring Extracts. Heinitz's Quaker Liniment better than Ready Relief; a speedy cure. Heinitz's Blood and Liver Pills, entirely vegetable, and a marvelous medicine for the Liver, Stomach and Bowels. Heinitz's Blood Purifying Liver Pills cure Liver Complaint, Headache, Stomach Disorders, Indigestion and Constipation. Stanley's Cough Syrup cures all kinds of Coughs, Hoarseness, Bronchitis, whooping Cough, &c.; it doesn't delay. A Cough gets worse with every day's neglect. Medicines of all kinds, of warranted quality, at the lowest prices. Make but one trial and be convinced.

CONSUMPTIVES, TAKE NOTICE.—Every moment of delay makes your cure more hopeless, and much depends on the judicious choice of a remedy. The amount of testimony in favor of Dr. Schenck's Pulmonic Syrup, as a cure for consumption, far exceeds all that can be brought to support the pretensions of any other medicine. See Dr. Schenck's Almanac, containing the certificates of many persons of the highest respectability, who have been restored to health, after being pronounced incurable by physicians of acknowledged ability. Schenck's Pulmonic Syrup alone has cured many, as these evidences will show; but the cure is often promoted by the employment of two other remedies which Dr. Schenck provides for the purpose. These additional remedies are Schenck's Sea Weed Tonic and Mandrake Pills. By the timely use of these medicines, according to directions, Dr. Schenck certifies that most any case of consumption may be cured. Dr. Schenck is professionally at his principal office, corner Sixth and Arch streets, Philadelphia, every Monday, where all letters for advice must be addressed.

Mr. Hayne introduced the following resolution, which was immediately considered and adopted:

Whereas it has pleased Almighty God, in His unerring wisdom, to remove from this sphere of action Hon. Chas. P. Townsend, Judge of the Fourth Judicial Circuit:

Resolved, further, That the flag of the House of Representatives be immediately placed at half-staff.

THE STORY OF THE SANE LADY IN A LUNATIC ASYLUM.—About two weeks ago, a correspondent wrote from Shelby to this paper, that a sane lady, the wife of a minister of that town, was confined in the Lunatic Asylum at Columbia, S. C. A petition was gotten up in Shelby, and sent to Dr. Ensor, the Superintendent of the Asylum, asking for an investigation. Friends of the lady pressed the matter, and we learn from a Shelby gentleman that she has been released, and is now at Ridgeway, S. C. It is said that the lady was a little eccentric at times, but it never occurred to any of her acquaintances that she was insane. Her husband, we are told, desired to be rid of her, and took this method. We could hope that this story were not true, but have no reason whatever to doubt it.—Charlotte Observer.

HORRIBLE ACCIDENTS BY FIRE.—A horrible accident occurred at the plantation of Mr. John E. Birt, near Barnwell, on Monday evening last. Wash. Robinson and his wife, who are in the employ of Mr. Birt, had left their house for the field, and while there, at work, it caught on fire, and all of their children, three in number, perished in the flames. Besides this severe blow, they lost everything they possessed. A little child of Mary Kirkland, a colored woman in Barnwell village, had a child about eight months old so badly burned by its clothing taking fire, a few days ago, that it died from the effects.

AGRICULTURAL LIENS.—If you have not already ordered your Agricultural Liens to secure advances, do so at once. Walker, Evans & Cogswell, Charleston, S. C., keep on hand four different kinds, and if neither of these meet your views, they are prepared to print, at the lowest prices, any special form to order. If the Planter or Farmer has not yet bought the Rural Accountant, a book for simple farm accounts, let him do so at once. They also have a New Agricultural Lease which gives the Landlord a lien on crop of tenant. This is very valuable.
